GREENSEED

OVERVIEW

Instant, effortless hot water

GREENSEED® introduced a sleek, compact instant water heater with multi-layered safety that delivering an enjoyable daily shower and hot water to more than one outlet and 360° installed at any angle

Compact Size

Mini and compact , easy to install in a wide range of locations and 360° installation

Double Safety Device

Dry-heating protection and overheat protection built in.

Stainless Steel 304

SUS 304 water pipe with a durable cast-aluminium tank.

Splash-Proof (IP25)

Water-resistant casing guards against damage, fire and shock.

In-Direct Heating

Heat transfers without direct contact with the water, safer and longer-lasting.

Installation

360° installation under Sink, Wall mounted or concealed ceiling installation with multiple hot water outlets.

GreenSeed

MULTIPOINT DELIVERY

One heater. Multiple outlets.

Connects to two or three water points, supplying hot water simultaneously to a bathroom shower, wash basin or kitchen tap so more than one outlet stays hot at the same time.

Feature	Single-Point Heater	Multi-Point Ωmega
Purpose	Hot water to one outlet only	Feeds two or three outlets at once
Outlets	1 outlet	2–3 outlets simultaneously
Installation	Near a single point of use	Centralize to serves multiple taps
Water pressure	Medium	Medium to high
Flow rate	Normal	Higher that supports multiple taps
Simultaneous use	One user at a time	Multiple users at once
Best suited to	A single shower or sink	Homes, hotels, salons, gyms, clinics

**Subject to the heater's power and capacity.*

FLEXIBLE INSTALLATION

One heater. Any angle. Any space.

Mount the Ωmega vertically, horizontally, upside down or sideways with the same performance in every position. Its slim body fits where conventional heaters can't.

360° Installation at any angle

360°

Same performance at any angle

Full heating output and safety protection in every mounting position.

Compact 215 × 360 × 95 mm

Slim enough for vanity cabinets, ceiling voids and tight service walls.

Clear pipe connections

Hot water outlet on the left, cold water inlet on the right — G1/2 fittings.

Splash-proof IP25

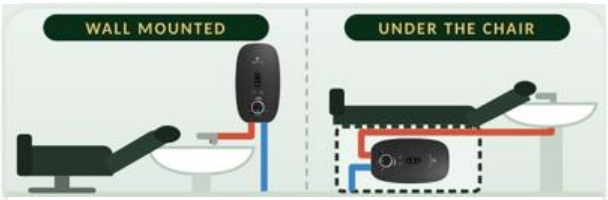

Built for wet areas, bathrooms, salons and commercial kitchens.

GreenSeed

IDEAL APPLICATIONS

Hot water, right where it's needed

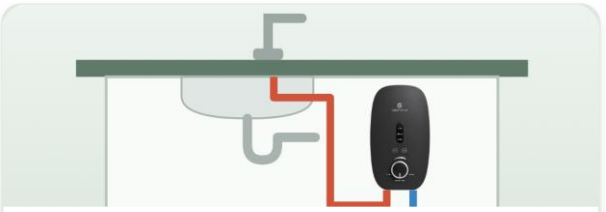

Compact size and any-angle mounting let the Ωmega slip into spaces other heaters can't — from salon basins to ceiling voids and busy café kitchens.

1

Salon Chair

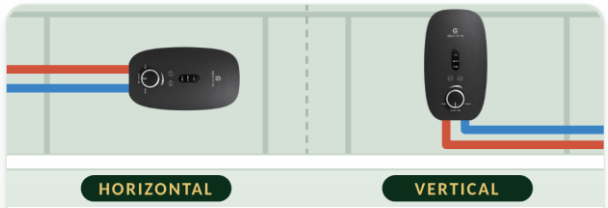

Ideal for hair wash stations — mounts right beside the basin or under the chair

2

Under the Sink

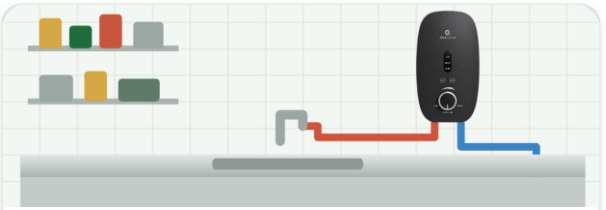

Compact size, easy installation inside vanity cabinets.

3

Above the Ceiling

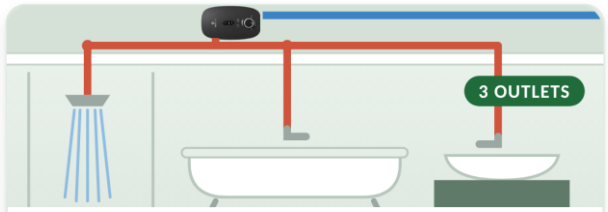

Horizontal or vertical — hidden away for a neat, clean look.

4

Store & Café Kitchen

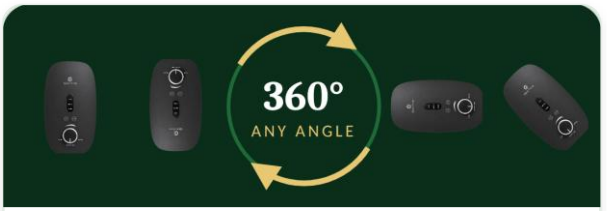

Hand wash, utensils & food prep from one compact unit.

5

Multipoint Bathroom

Shower, bath tub & basin at once — up to 3 outlets.

6

Suitable for Any Angle

Same performance, flexible installation in any orientation.

GreenSeed

ENGINEERED CORE

Cast-aluminium heating element

In-direct heating with MgO insulation transfers heat without direct contact with the water — no leakage, cleaner water and a longer service life.

SUS 304 water pipe

Food-grade, corrosion-resistant stainless steel.

Cast-aluminium tank

Patented element design that will not leak.

MgO insulation

Even, in-direct heat for safety and durability.

Precision-assembled internals with ELCB safety cut-off.

SPECIFICATIONS

Technical specifications

Parameter	GSMP-65
Model	GSMP-65
Rated voltage	230 V, 50/60 Hz
Heater Dimensions	360mm x 215mm x 95mm
Rated power (Kw output)	220 V – 5.5KW 230 V – 6.0KW 240 V – 6.5KW
Rated current	26A
MCB	40A
Max. water pressure	0.6 MPa
Temperature range	30 – 55 °C
Over-temp protection	95 °C
Min. flow to activate	1.5 L/min
Waterproof grade	IP25
Casing material	ABS
Water connection	G1/2
Power cable	5.5kW – 4mm² cable 6.0kW & 6.5kW – 6mm² cable
Heating body	Water pipe + cast-aluminium tank
ELCB	Included
Net / gross weight	2.1 kg / 2.6 kg
